Scheduling An Appointment Through Campus Connect

Introduction

Campus Connect is a great tool for students to schedule their academic advising, academic support, and student support appointments. UNLV has launched a passthrough feature in MyUNLV that will allow you to bypass the need for a separate login for Campus Connect (https://unlv.campus.eab.com/) and provide easier access to the site.

Step-by-Step Instructions

You can schedule an appointment by following the steps below:

1. Log into your MyUNLV Rebel Student Homepage (https://my.unlv.nevada.edu/).
2. Navigate to and click on the “Resources” tile.
3. Select Campus Connect from the left navigation panel and click “Campus Connect Login”. The system will automatically identify you based on your login to MyUNLV.
4. A new screen titled "Campus Connect" will appear. Click on the "Schedule an Appointment" button on the right side of the page.
5. Follow the required prompts that follow to schedule your appointment.

If you have questions or issues, please email Campus Connect support at campusconnect@unlv.edu.
