FIELD ENGINEERING TECHNICIAN

Posting ID: EM1801145E  Company Website: http://www.sweservices.com

Company: SouthWest Electritech Services  Work Location: Las Vegas, NV

Position Type: Full-Time

College Major(s): Mechanical Engineering (ME), Electrical/Computer Engineering (EE/CpE)

College Level(s): Graduate Student

OVERVIEW

SouthWest Electritech is a division of Nat'l Field Services. We are a third party electrical testing and services company that offers a broad range of electrical technical, testing, and engineering services to promote the safe, reliable and efficient operation of commercial and industrial facilities electrical distribution systems. We are seeking Field Engineering Technicians at various levels of experience for our Las Vegas office.

Roles and Responsibilities
Field Engineering Technicians are responsible to inspect, test, troubleshoot, perform start-up and collect data of low, medium and high voltage (50V to 500kV) electrical systems, and moderately complex relay calibration and power metering.

Education and Qualifications
Associates degree in Electrical or Mechanical Engineering

How to Apply
Send an email and a resume to Tylor Pereza
