

Selected Publications

Lantis I. Osemwengie*, Spencer Steinberg (2001) Insitu-Solid Phase Extraction and Laboratory Analysis of Trace Synthetic Musks in Municipal Effluent using GC/MS Full-scan mode. *J. Chromatography* (in press).

Jing, Linhong, Steinberg, S.; Johnson, B.J. (2001) Monocyclic Aromatic Hydrocarbon and Aldehyde concentrations at an Urban Site in Las Vegas, Nevada. *J. Air and Waste Management Assoc.* (in press).

Kawamura, K.; Steinberg, S., Kaplan, I.R. (2001) Wet deposition of low molecular weight mono- and di-carboxylic acids, aldehydes and inorganic species in Los Angeles, *Atmospheric Environment* 35, 3917-3926.

Kawamura, K.; Steinberg, S.; Kaplan, I.R. (2000) Homologous series of C1-C10 monocarboxylic acids and C1-C6 carbonyls in Los Angeles air and motor vehicle exhausts. *Atmospheric Environment* 34, 4175-4191.

Johnson, E. A.; Rudin, M.J.; Steinberg, S. M.; Johnson, W. H. (2000) Sorption of selenite on Various Cement Formulations. *Waste Management* 7, 509-516.

George, S.; Steinberg, S. M. ; Hodge Vernon (2000) The Concentration, Apparent Molecular Weight and Chemical Reactivity of Silica from Groundwater in Southern Nevada, *Chemosphere* 40, 57-63.

Tran, N.C; Steinberg S. M.; Johnson, B. J. (1999) Volatile Aromatic Hydrocarbons and Dicarboxylic Acids in Air in an Urban Site in the Southwestern U.S. *Atmospheric Environment* 34, 1845-1852.

Steinberg, Spencer M.; Swallow, Charles Charles E.; Ma, W.K. (1999) Vapor Phase Sorption Of Benzene by Cationic Surfactant Modified Soil. *Chemosphere* 38, 2143-2152.

Steinberg, Spencer M.; Schmeltzer, J. S.; Kreamer, D. K. (1996) Sorption of Benzene and Trichloroethylene (TCE) on a Desert Soil: Effects of Moisture and Organic Matter. *Chemosphere* 33 (5), 961-980.

Kawamura, K.; Steinberg, S. M.; Kaplan, I.R. (1995) Concentrations of Mono- and Dicarboxylic Acids and Aldehydes in Southern California Wet Precipitation: Comparison of Urban and Non-Urban Samples and Compositional Changes During Scavenging. *Atmospheric Environment* 30(7), 1035-1052.

Steinberg, S. M.; Walker, J. (1995) Colorimetric Analysis of Benzene for Use in Environmental Screening. *Chemosphere* 31, 3771-3781.

Steinberg, S. M.; Poziomek, E.J.; Engleman, W.H. (1995) A Review of the Environmental Applications of Bioluminescence Measurements. *Chemosphere* 30 (11), 2155-2197.

Steinberg, S. M.; Lena, F. (1995) Hydrolysis of Several Substituted Methyl Benzoates in Aqueous Solution. *Wat. Res.* 29(3), 995-969.

Emerson, D. W.; Titus, R. L.; Steinberg, S. M.; Jones, M. D. (1994) Kinetics and Mechanism of a Double Thiocyanate-Isocyanate Isomerization: A Round Robin Rearrangement. *J. Org. Chem.* 59, 5109-5110.

Steinberg, S.M.; Poziomek, E.J.; Engleman, W.H. (1994) A Review of Applications of Luminescence to Monitoring of Chemical Contaminants in the Environment. *Chemosphere* 28, 1819-1857.

Steinberg, S.; Fairely, J. P.; Kreamer, D. K. (1994) Slow Vapor-Phase Desorption of Toluene from Several Ion-Exchanged Montmorillonites. *J. Soil Contam.* 3, 249-264.

D. Kreamer, K. Oja, S. Steinberg, H. Phillips (1994) Vapor Adsorption of a Solvent on Quartz Sands of Varying Grain Size, *J. Env. Eng.* 120, 348-359.

S. Steinberg, David Kreamer (1993) Determination of Sorption Isotherms for Volatile Organic Compounds on Unsaturated Calcareous Soil from Southern Nevada using Inverse Gas Chromatography, *Environmental Science and Technology*, 27, 883-888.

M. I. Venkatesan, K. Ohta, S. Stout, S. Steinberg, and J.L. Oudin (1992) Diagenetic Trends of Lignin Phenols in Mahakam Delta Coals: Correlations Between Laboratory Simulations and Natural Samples. *Organic Geochemistry*, 20,463-473.
