STUDENT TRAINEE (ENGINEERING/PHYSICAL SCIENCES/NATURAL RESOURCES)

Posting ID: IN1951240A

Company: U.S. Army Corps of Engineers

Position Type: Full-Time

Company Website: https://www.usa.gov/

Work Location: Albuquerque, NM

Salary: $27,154 to $44,333 per year

College Major(s): Civil Engineering (CEE), Mechanical Engineering (ME), Electrical/Computer Engineering (EE/CpE)

College Level(s): Undergraduate-Freshman, Undergraduate-Sophomore, Undergraduate-Junior, Undergraduate-Senior

OVERVIEW

Civilian employees serve a vital role in supporting the Army mission. They provide the skills that are not readily available in the military, but crucial to support military operations. The Army integrates the talents and skills of its military and civilian members to form a Total Army.

Roles and Responsibilities

Position(s) will be filled under the Department of the Army Direct Hire Authority Post Secondary Students Program. This is under Direct Hire Authority- Post secondary students. Position appointed to TERM positions 1 year not to exceed 4 years, upon graduation you may be converted non-competitively to a permanent position.

This intern position is designed to prepare a student trainee for employment after graduation as a Civil Engineer, Electrical Engineer, Mechanical Engineer. Environmental Engineer, Chemical Engineer, Structural Engineer, Biologist or Physical Sciences. Interns will be assigned tasks designed to increase familiarity with the target occupation in a real world work environment.

Education and Qualifications

Appointment may be subject to a suitability or fitness determination, as determined by a completed background investigation.

Male applicants born after December 31, 1959, must complete a Pre-Employment Certification Statement for Selective Service Registration.

Two year trial/probationary period may be required.

Site visits, you may be required to wear protective clothing and hardhats. Positions are open to current students pursuing a qualifying degree or certificate in an accredited high school, college (including 4-year colleges/universities, community colleges, and junior colleges); professional, technical, vocational, and trade school; advanced degree programs; or other qualifying educational institution on at least a half-time basis (as defined by the institution in which the
student is enrolled). Short-term training programs (e.g., several two-week programs completed) are not considered an academic course of study.

Internship for current students in good standing at an accredited education.

For this internship, you must be able to work full time when not attending classes and part-time during the school year. Discussion of the work schedule should be conducted between the supervisor and employee.

For this internship, you must be seeking a current student majoring in Civil/Mechanical/Electrical/Environmental/Chemical/Structural Engineering or Natural Resources or Biology.
