

Format Requirements for the Curriculum Vitae

- The name of this section must be labeled: Curriculum Vitae. **No other heading will be accepted.**
- The section (Curriculum Vitae) must appear in the Table of Contents. It should be the final item in your Table of Contents and your document.
- It represents the final page(s) of your thesis or dissertation document.
- It must include page numbers. The page numbering for the Curriculum Vitae should be in sequence with the previous page of the thesis or dissertation document. **Remember:** After the front material, all other page numbers are continuous and should be Arabic numerals.
- The Curriculum Vitae should be of professional quality. It does not need to be long, but it does need to be clear and provide some form of contact information so peers and other researchers can contact you regarding your work. **Do not include your personal phone number or address.** We recommend using a GoogleVoice number and/or email address that you can be contacted at in the future (**do not use your UNLV rebelmail address**, as this will become inactive).
- The format should be according to the norms of your discipline as per your committee chair's advice. Information on creating a Curriculum Vitae can be found at: [Purdue Owl Writing Lab - Writing the Curriculum Vitae](#)
