Three-Person Tent Comparison

Overall

The Coleman Exponent Phad x3 is a uniquely designed tent in that the rainfly is required to for the tent to be set up and remains on the tent for the entire time that it is set up. The Kelty is built for durability and toughness against weather and environmental elements. The Kelty and the Sierra Design Alpha both have two doors and the same amount of square footage in interior space. For more details about the specifications and features of these tents, please see their individual item descriptions on our website.
