Company: U.S. Navy

Position Type: Full-Time

College Major(s): Civil Engineering (CEE), Construction Management (CEM), Mechanical Engineering (ME), Electrical/Computer Engineering (EE/CpE), Computer Science (CS)

Company Website: https://www.navy.com/navy/careers.html

Work Location: Worldwide

Salary: $60,000

College Level(s): Undergraduate-Junior, Undergraduate-Senior, Graduate Student

OVERVIEW

Whether planning a reconnaissance mission or targeting and destroying enemy interests, Naval Aviators embody the concept of air superiority and the ability to defend America’s interests anytime, anywhere.

Roles and Responsibilities
Navy Pilots and Naval Flight Officers (NFOs) are important components in an exclusive, world-class group of Officers. This job will require you to perform at the best of your ability at all times. Making use of your advanced training and unparalleled knowledge to provide the utmost safety and security in the world’s skies.

Education and Qualifications
A four-year degree is required to work as a Navy Pilot or Naval Flight Officer.

Applications are accepted within 12 months of completing a four-year degree.

Candidates seeking an Officer position in this community must have a bachelor’s degree from a regionally accredited institution in a technical field.
All candidates must also be U.S. citizens, willing to serve worldwide and qualified for sea duty.

General qualifications may vary depending upon whether you’re currently serving, whether you’ve served before or whether you’ve never served before.
