Work Location: Las Vegas, NV  
Salary:

OVERVIEW

Through the responsible development of innovative and sustainable building products, CertainTeed, headquartered in Malvern, Pennsylvania, has helped shape the building products industry for more than 110 years. Founded in 1904 as General Roofing Manufacturing Company, the firm's slogan "Quality Made Certain, Satisfaction Guaranteed," quickly inspired the name CertainTeed. Today, CertainTeed® is North America’s leading brand of exterior and interior building products, including roofing, siding, fence, decking, railing, trim, insulation, gypsum and ceilings.

A subsidiary of Saint-Gobain, one of the world’s largest and oldest building products companies, CertainTeed and its affiliates have more than 5,700 employees and more than 60 manufacturing facilities throughout the United States and Canada. The group had total sales of approximately $3.3 billion in 2015. www.certainteed.com

Roles and Responsibilities

Accountability Objective: The objective of the program is to provide its members with a detailed engineering experience and a sound understanding of the various manufacturing processes, application, and industry requirements needed to be successful in the Gypsum industry. The TDP provides rotational assignment for top engineering talent looking to develop technical skills engaged through assignments in applications, product, and manufacturing engineering.

Participants will be engaged in projects, programs, and initiatives impacting the strategic operations and growth of CertainTeed Gypsum. During each assignment engineers will participate in technical and on-the-job training.

Education and Qualifications

- Bachelor's Degree in an engineering related discipline.
- Demonstrated skill for driving highly technical projects through to completion.
- Strong mechanical and technical aptitude, entrepreneurial spirit, communication skills, and an appreciation of industrial equipment and processes.
- Able to write clearly and be comfortable speaking convincingly as a large amount of
his/her time is spent working with people.

- Must be proficient in MS Office (Word, Excel, PowerPoint).
- Demonstrated problem solving and analytical skills.
- Able to make independent decisions as well as operate in a team environment.
