CONSTRUCTION PROJECT ENGINEER

Posting ID: EM20230480

Company: Jacobs

Position Type: Full-Time

Company Website: https://www.jacobs.com/

Work Location: San Francisco, CA

Salary:

College Major(s): Civil Engineering (CEE), Construction Management (CEM), Mechanical Engineering (ME)

College Level(s): Undergraduate-Senior, Graduate Student, PhD. Student, Alumni

OVERVIEW

Our People & Places Solutions business – reinforces our drive to improve the lives of people everywhere and epitomizes the "why" of what we do – the tremendous positive impact and value our solutions bring to our communities and society as a whole. From facilities delivering life-saving therapies and ensuring clean water to enabling the connection of people through all modes of transportation and providing access to technology – we're integrating a multitude of these solution elements to build the smart environments of tomorrow.

Start your Jacobs career with a company that inspires and empowers you to deliver your best work so you can evolve, grow and succeed – today and into tomorrow.

Roles and Responsibilities

Reporting directly to the Construction Project Manager, this position is usually site based. Responsibilities include direct contact and overview of the General Contractor to ensure a high level of quality and safety is maintained as required by both Jacobs and our client. Office work would include involvement with the creation and review of both Requests for Information and Requests for Proposal and Change Orders. This at times is a client facing position.

Oversee that all work is performed in accordance with approved manuals and procedures

Oversee that the project is constructed and documented in accordance with the contract documents and good engineering practices

Provide technical support to Project Managers and be responsible for developing and maintaining project cost/change controls, and project budget and accounting records

Performs change order estimating and assists the Project Manager in change order negotiations

Coordinates and monitors schedule updates, invoices and submittals
