SUMMER CYBERSECURITY INTERNSHIP

Posting ID: IN180044C3
Company: Las Vegas Sands Corporation
Position Type: Part-Time
College Major(s): Computer Science (CS)

Company Website: https://careers.sands.com
Work Location: Las Vegas
Salary: DOE
College Level(s): Undergraduate-Junior, Undergraduate-Senior, Graduate Student

OVERVIEW

Las Vegas Sands (LVS) is the pre-eminent developer and operator of world-class Integrated Resorts that feature luxury hotels; best-in-class gaming; retail; dining and entertainment; Meetings, Incentive, Convention and Exhibition (MICE) facilities; and many other business and leisure amenities. We pioneered the MICE-driven Integrated Resort, a unique, industry-leading and extremely successful model that serves both the business and leisure tourism markets.

Starting with a single property in 1990, the footprint and impact of LVS now extends worldwide, from Las Vegas to Macao, and from Bethlehem, Pennsylvania (USA) to Singapore. We have a track record of successfully developing and operating some of the largest and most complex business and leisure properties.

We are as passionate about where we build, as what we build, and at the heart of our company are a set of unwavering values that guide us daily. We're committed to listening to our guests and Team Members, to considering the environmental impact of our decisions and to contributing to the well-being of the communities in which we do business.

At the same time, we know that our values and words won't be worth much unless they are expressed through our actions. Therefore, we are dedicated to being a good corporate citizen, anchored by the core tenets of delivering a great working environment for more than 51,000 Team Members worldwide, driving impact through our Sands Cares corporate giving program and leading innovation with the company’s award-winning Sands ECO360 Global Sustainability program.

Roles and Responsibilities
LVSC is offering a 12-week, paid SUMMER cybersecurity internship for Junior or Senior students. Based in Las Vegas, the position will start either the first or second week in June. This will introduce the basics of Cybersecurity Global Operations. A specific focus will be placed on learning the Cyber Security Analyst I position within the Cybersecurity Operations Cyber Security Analyst I, but will have greater exposure to each of the different teams within LVSC Global Cybersecurity including but not limited to:
Cybersecurity Security Operations Center (SOC) Team
Cybersecurity Incident Response & Threat Intelligence Team
Cybersecurity Digital Forensics Investigations (DFI) Team
Cybersecurity Vulnerability Management Team
Cybersecurity Strategy Team
Cybersecurity Governance & Training Team

**Education and Qualifications**
Applicants MUST be enrolled as a full-time undergraduate or graduate CIS or MIS major. PLEASE HIGHLIGHT CYBERSECURITY COURSEWORK, COMPETITIONS AND/OR CERTIFICATIONS. All candidates are required to pass an extensive background check and obtain a Nevada gaming license.

**Preferred Skills**
Preferred candidates will be in good standing academically with a cumulative GPA of 3.0 or better. Ideal candidates will be graduating within 6-12 months and could potentially accept a full-time role as a Tier 1 Analyst at the end of the 12-week paid SUMMER internship. (No full-time role guaranteed.)

**How to Apply**
RESUMES WILL BE ACCEPTED UNTIL MARCH 1st, 2018.
Submit a cover letter with your resume to: [Global_Cyber_Security_Training@Sands.com](mailto:Global_Cyber_Security_Training@Sands.com)

**Note from Engineering Career Services:** Last year, no UNLV students were hired for these positions due to “poor interviewing skills.” If you want assistance with a mock interview, contact us.
