

Professor, Mechanical Engineering

Tel: 702-895-3265

Fax: 702-895-5013

email: samir.moujaes@unlv.edu

Degrees, Dates and Institutions Where Awarded:

1. Ph.D. in ME Dec. 1980, University of Pittsburgh (Thesis: Two-Phase Upflow in Vertical Channels)
2. MSME in ME Dec. 1975, American University in Beirut, Beirut-Lebanon (Thesis: Computer Simulation of a Domestic Solar Water Heater-Thermosiphon Effect)
3. BSME in ME July 1972, American University in Beirut, Beirut-Lebanon

Employment History:

1. 1984-present UNLV, currently Full Professor in the ME Dept. @ UNLV
2. 1981-1984 Senior Research Engineer, Air Product & Chemicals, Allentown, PA
3. 1976-1980 Research Assistant in ME @ University of Pittsburgh
4. 1977-1980 Teaching Assistant in ME @ University of Pittsburgh
5. 1972-1975 HVAC engineer worked in consulting, contracting and technical sales Beirut-Lebanon

Employment Details:

1. I teach and do research in the general area of Thermal Sciences. My areas of interest are energy conservation, HVAC systems simulation, high level nuclear waste canister thermal issues, transmutation energy research, high temperature hydrogen production using nuclear/solar energy, residential air duct leakage methods focusing on their measurement and characterization. I have graduated over 26 MS students and have one Ph.D. and two MS students working with me. I also managed four postdoctoral researchers over the last 5 yrs. Recent courses taught: undergraduate thermodynamics and heat transfer, graduate heat conduction and convection courses and two undergraduate/graduate courses in HVAC system design.
2. I performed experimental research in the area of synthetic fuels i.e., coal liquefaction processes such as SRC-I (solvent refined coal process I). The experiments involved looking at two phase and three phase hydrodynamic flow simulation in vertical tube reactors and heat exchangers involved in the SRC-I process (1981-1984).
3. Performed experimental and theoretical research in the area of 2 phase flow in vertical rectangular channels using in-house built optical fiber probes to measure void fraction and axial gas velocity and using hot film anemometers to measure liquid axial velocities.
4. Worked simultaneously with 13 Algerian students as a resident counselor who were sponsored by their government and were finishing their BS degrees in ME at the University of Pittsburgh (1977-1980).
5. Was involved in various aspects of the HVAC industry mainly in field and installation work (distributor of Chrysler AirTemp products) as well as performing design and consulting work and field supervision of the contractors' work. Finally, I was involved in technical sales with Fedders Air Conditioning Co. Regional representative in the Middle East stationed in Beirut Lebanon (1972-1975).

66. "Effect of Spacing on Heat Rejection from a Vertical Ground Coupled Water Cooled Loop Including Thermal Leakage Between Pipes", S. Moujaes, the 22nd IECEC conference in Philadelphia 1987. paper No. 879096 pp. 1167-1171.
67. "Theoretical and Experimental Considerations in SRC-I Solidification", S. Moujaes Proceedings of 19th IECEC conference in San Francisco, CA, August 1984 p.1258-1265.
68. "Solid Dispersion Modeling in Coal Liquefaction Dissolvers", S. Moujaes, D.H.S. Ying, R. Subramanian, 1982, Paper No. 82CH1789, 7th Proceedings IECEC 1982 of the 17th Intersociety Energy Conversion Engineering Conference, Los Angeles, CA v2, p. 850-853.
69. "Experimental Simulation of Solids Distribution in Coal Liquefaction Dissolvers", S. Moujaes, R. Sivasubramanian, D.H.S. Ying, 5th Annual APCI Technology Symposium, December 1981, Allentown, PA.
70. "Numerical Model for a Solar Water Heater". Sfeir, A.; Menguy, G.; Moujaes, S.; Giessereitechnik Heliotech and Dev, Proc of the Int Conf Nov 2-6, 1975, v 2 1976 Dhahran, Saudi Arabia, Dev Anal Assoc Cambridge, Mass p.38-52.

Funded Research Grants, Projects, Commissions, and Contracts (% effort)

Completed:

1. "Performance Experimentally of a PCM Material in an Arid Environment", Infiniti R, \$11,360; June –November 2016, S. Moujaes PI.
2. "Characterization of a Conditioning Hypothermic/ Hyperthermic Portable Device for use in Field Installations", US Army Office, University of Reno School of Medicine, November 13-Jan. 2015, \$52,000.
3. "Task 06-08: Field Test for Duct Leakage Assessment in Residential and its Effect on Overall Thermal Performance of the HVAC System", \$300K +30% cost sharing, S. Moujaes, funded by NCEMBT, \$347K (07/01/07-04/30/09).
4. "TASK 5-11: Duct Leakage Measurements in Residential Buildings", 2006-2007, funded by the NCEMBT, \$350K + 30% cost sharing (90%).
5. "High temperature Heat Exchanger Design for High Temperature Thermochemical Hydrogen Production Using Nuclear Energy", funded by DOE, \$415K + 20% cost sharing (01/05- 09/07).
6. "Development of Protocols for Thermal Comfort Studies in Office buildings and Field testing", 2004-2005, funded by NCEMBT, app. \$1M (with several other UNLV faculty) (30%).
7. "Zero Demand Energy House" proposal with R. Boehm and Y. Baghzouz, for app. \$265,000

- and a matching fund from Pinnacle Homes for about \$150,000 (Sept. 03).started in Sp 04.
8. "Modeling Corrosion in Oxygen Controlled LBE Systems with Coupling of Chemical Kinetics and Hydrodynamics-Phase III", DOE TRP/UNLV Transmutation of Nuclear Waste, S. Moujaes PI, Y. Chen Co-PI, app. \$109,000 (1 yr) started Sept. 1, 2003 (2 graduate students)(50%).
 9. "Modeling Corrosion in Oxygen Controlled LBE Systems with Coupling of Chemical Kinetics and Hydrodynamics-Phase I", DOE AAA/ADT Transmutation of Nuclear Waste, S. Moujaes PI, Y. Chen Co-PI, app. \$109,000 (1 yr) starting Sept. 1, 2001 (2 graduate students)(50%).
 10. "Modeling Corrosion in Oxygen Controlled LBE Systems with Coupling of Chemical Kinetics and Hydrodynamics-Phase II", DOE AAA/ADT Transmutation of Nuclear Waste, S. Moujaes PI, Y. Chen Co-PI, app. \$109,011 (1 yr) Sept. 1, 2002-Aug. 31, 03 (2 graduate students)(50%).
 11. "Energy Assessment Center" Nevada Power, S. Moujaes PI, R. Brickman Co- PI, (2 undergraduate students), app. \$72,000, (1yr) started Sept. 1, 2001 (100%).
 12. "Solar Dish Concentrator Project", (S. Moujaes, Co-PI, R. Boehm, PI, Y. Baghzouz Co-PI, D. Pepper, Co-PI) DOE, \$200,000(1yr.) Started April 2001, (11 undergraduate students)(25%).
 13. "National Center for Energy Management and Building Technologies" proposal work funded by EMI, Total funds \$400,000 (out of which the applicant's group has \$155,000-Two faculty from UNLV, one FT professional and one undergraduate student in ME) April 1-November 30, 2002 (app. 40%).
 14. "Energy Audits for Institutional Buildings at UNLV", with several other faculty members, work is starting in coordination with Tom Hagge (Vice President of Facilities-UNLV). A job per fee based project. Funding at \$15K.
 15. "Nevada Solar Dish Project", \$50,000, continuation funding from DOE with R. Boehm PI, Y. Baghzouz, D. Pepper (8/2002-3/2003).
 16. "UNLV/DOE Cooperative Agreement", (Co-PI with seven other faculty from CE and ME Depts.), \$1.5M from 90-95, (supervised 2 graduate students)(1/7 of total effort).
 17. "Performance Analysis of Reflectix Radiant Barrier on the Heating and Cooling Loads of Homes in the Southwest", \$25,000 Reflecx Corp. 1997. S. Moujaes, R. Brickman (50% total effort).
 18. "Development of the Arid Regions Building Laboratory", R. Boehm, S. Moujaes, \$19,320, ARI project, 1997 (50%).
 19. "Establishment of a Test Facility for Energy Conservation Studies at UNLV", S. Moujaes, R. Boehm, app. \$50,000, 92-94 (65%).
 20. "Performance Analysis of Radiant Barriers on Heating and Cooling Loads of Homes in the Southwest and Southeast United States", \$11,500, Fi-Foil Company, FI, 2000, S. Moujaes, R. Brickman (50%)
 21. "Performance Analysis of Thermoshield Technology. Reflective Coating in a Desert Climate", \$6,420, Thermoshield Corp. 2001, S. Moujaes, R. Brickman (45%).
 22. "A Comparison of Computer Simulation Predictions to Experimental Data Taken from Side-by-Side Residential Homes Configured with a Radiant Barrier", \$8,100, Louisiana- Pacific Corp., 2000, S. Moujaes, R. Brickman (45%).
 23. "Comparative Study Between the Application of a 2-Deck Versus a 3-Deck Multi-Zone Rooftop HVAC Unit for a Clark County School District Application", \$8,500, CCSD, S. Moujaes, R. Jones, 2001 (75%).
 24. "Thermal Performance of Radiance Technology Applied to the Underside of a Residential

- Roof in the Sacramento Region", \$5,300, S. Moujaes, R. Brickman, 2001 (45%).
25. "Thermal Analysis of the Application of Kool-Ply Technology. To A Residential Attic-Attic Duct Effect", S. Moujaes, R. Brickman, \$7,000, 1995 (45%).
 26. "Thermal Performance Determination of a Solar Assisted Evaporator Vapor Compression Refrigeration Cycle", S. Moujaes, B. Abdel Noor, \$25,000 (total expenditure by Thermotaxis Co., L.V., NV), 1991 (50%).
 27. "Thermal Performance of a Two-Stage Evaporative Cooler in Las Vegas", \$15,000, Governor's Energy Office, S. Moujaes, 1985 (100%).
 28. "Internal funding for two small projects from the University research Council app." \$6,000 (100%).
 29. "Experimental Testing on Millgard Windows in Las Vegas", S. Moujaes, B. Boehm, \$12,000, Millgard Co., Las Vegas, 1998 (75%).
 30. "Heat Transfer Computer Model for a Novel Biomedical Heat Exchanger", S. Moujaes, \$5,200 LEVEL 1 Sims Medical Systems, Rockford MA, 1997 (100%).
 31. "Study of Indoor Air Quality Problems at UNLV Harrah's Building", \$5,500, O&M office at UNLV (support for graduate student for \$3,000 P. Murray), 1997 (45%).
 32. "High Temperature Hydrogen production from Thermochemical Processes Using Concentrated Solar Energy Receivers", funded by DOE \$365K (10/1/04-03/31/09).

Service:

University

1. Voted to the Special Hearings Panel Committee (2010-2011)
2. Voted Senator from the COE to the faculty senate starting Fa06 (3 yr term, 2006-2009)
3. Voted Senator representing COE at the UNLV Faculty Senate starting Fa03 (3 yrs term completed, 2003-2006)
4. Member of the Faculty Senate Committee (FSC) on Special Hearings, 2001-03
5. Faculty Senate representative on the committee of Academic Freedom and Ethics Fa03(1 yr)
6. Member of the FSC on Appeals and Tenure (2001-2003)(completed chairing on appeals case)
7. FSC for Subordinate evaluations 95-96
8. FSC appeals and promotion 93-94 (chaired several cases for P&T as part of the total responsibility)
9. Internal Review Committee of the Graduate Program in the Math Department, Chairman 10. 1993
11. Special hearings committee 97-98
12. University admissions committee 89-90
13. FSC University benefits and salary 89-91
14. Senate appeal committee 87-88
15. University admissions 87-88
16. Team taught a course with Dr. Jones in Hotel Management on Mechanical Systems with a field trip (the Rebuild America Program/DOE)
17. Science judging for Clark County School District (2000-2001)

College

1. Voted ME dept. representative for the College Affairs Committee (08-10)
2. College lead technical person for the Lead-Bismuth Eutectic loop with the AAA/UNLV

2005-2006

3. Member of three search committees for CEE professors 1999, 2000, 2001
4. Engineering college affairs committee 92-93
5. Departmental representative on college merit review committee 90-91
6. High schools relations committee 84-85, 87-88
7. College Fair, 88-present

School/Department

1. Member of the Dept. undergraduate curriculum committee (Jan. 2010-present)
2. Helped establish and was founding faculty advisor of the ANS (American Nuclear Society) student chapter at UNLV (May 2002-2006)
3. Established and am presently founding faculty advisor of the ASHRAE/NSPE Student Chapter at UNLV (1997-present)
4. Established (1986) and was founding faculty -90 of the ASME Student Chapter at UNLV
5. Have secured several scholarships for our students from ASHRAE (\$500/student) and some from the NSPE society (\$1,000/student). This year we had four students obtain these scholarships (ASHRAE) from UNLV/ME Dept. and two from the Community College
6. Member of the ABET 2000 department committee
7. Participated in offering refresher courses for the EIT 2000, 2001, 2002, 2003
8. Seminar Program Chairman ME Dept., 91 and 95
9. Chairman of dep.'s graduate committee 91-96
10. ABET 2000 Dept. coordinator
11. Professional and Youth Building A Commitment-PAYBAC program 1993 CCSD
12. Have offered over the last three summers, as a service to several students requests in ME, CE and EE depts., summer offerings of MEG311&314 Helped establish and am presently faculty advisor of the ANS student chapter at UNLV (May 2002-2006)

Professional and learned societies

1. Invited as a session chair for the ICSEng conference in Las Vegas August 2014.
2. Invited as a Keynote speaker to the Second IASTED International Conference on Power and Energy Systems and Applications (PESA 2012) November 12-14, 2012, Las Vegas, USA
3. Chaired a session in the CLIMA 2010 conference in Anatolya, Turkey (May 2010)
4. Member of the ASME society (81-present)
5. Member of ANS society (2002-2007)
6. Member of the ASHRAE society (84-present)
7. Member of the ASEE society (2002-2007)
8. Registered Professional Engineer in the State of Nevada (86-present) No. 7215
9. Voting member of the TC4.4 committee for ASHRAE (serving a three-year term)
10. Currently an Associate editor to the Journal of Energy Engineering (96-present)
11. Have chaired several sessions in the IECEC conference and organized one session
12. Upgraded the ASME group in Southern Nevada to the Silver State Chapter of the ASME society in Southern Nevada. The budget increased from about \$100/yr. to over a \$1,000/yr. (86)
13. Education chairman for the Southern Nevada Professional chapter of the ASHRAE (98-present)
14. Attended two Clark County Workshops (Nov. and Dec. 02) one concerning Building

Envelope and the second Load Management: Flattening the Peak.

Service awards and recognition

1. Distinguished Alumnus Award, May 2010 Faculty of Engineering and Architecture, American University in Beirut, Beirut Lebanon
2. Honorable Mention for "Distinguished College Researcher", 2007-2008 Honors Convocation.
3. Letter of appreciation from ASHRAE to the Dean of COE on efforts for participation in the TC4.4 committee August, 03
4. Nominated to the Rudolf Gunnerman Award offered by DRI August 2002 (\$25,000)
5. certificate of appreciation from ASME for efforts as the Silver State Chapter President 86-91
6. Nominated for the HRC research Award for the year 2003 (\$25,000)
7. Membership development Achievement Award 87-89(ASME) for surpassing quota set for our section by 267% as suggested by Region IX
8. Certificate of appreciation from ASME for efforts with the student chapter 88-89

Outreach or other activities

1. Invited talk in July 2011 to the FEA @ AUB faculty in Beirut, Lebanon
2. Reviewer of proposals for DOE for energy conservation/renewables area (3 proposals in 03)
 - Reviewer of Proposals for NSF on energy conservation research area (3 proposals in 03)
3. Reviewer of papers for ASHRAE, ASME, IJR, JEE and others (more than 45 papers were reviewed over 20 years).
4. Have consulted in the area of energy conservation to numerous companies nationally
5. Have consulted as an expert witness over the years to over 15 law firms in the Las Vegas area (over 20 cases)
6. Have consulted with a biomedical company from Massachusetts on writing a computer code that would help analyze the performance of a new design for heat exchangers of blood re-warming techniques for hypothermic patients (summer of 97)
7. Was an invited speaker to the Reflective Insulation Manufacturers Association (RIMA) in their yearly meeting (February 1997). The talk was about the potential uses of a computer code that was developed by the applicant/R. Brickman RESHEAT used for energy conservation comparative calculations.
8. I have given five invited technical talks during my previous visits to Damascus Syria (summer 93-95-96,99) to the Association of Syrian Engineers/ University of Damascus on various research work I was involved in.
9. Was a member of a panel of speakers (energy conservation) during a visit to attend and present a paper (June 1995) at the University of Jordan in Amman/Jordanian Syndicate of Engineers.
10. An invited technical talk to the ME dept. in Al Ittihad University June 04, 2005, Al-Ein, Abu Dhabi, UAE.
