HOWARD R. HUGHES COLLEGE OF ENGINEERING

PENN STATE SUMMER NUCLEAR PROGRAM

Company: PENN STATE UNIVERSITY

Company Website: www.mne.psu.edu/twfp

Job Title: TOSHIBA-WESTINGHOUSE UNDERGRADUATE FELLOWS PROGRAM

Work Location: STATE COLLEGE, PA

Position Type: Undergrad Fellowships, 8-10 openings

Salary: \$6000 stipend and paid housing

Job Start/End: May 30- August 4, 2016

College Level: Sophomore, Junior, Senior

OVERVIEW

Made possible through a gift from Toshiba-Westinghouse, the Toshiba-Westinghouse Undergraduate Fellows Program is a 10-week paid summer program that provides an unparalleled opportunity for undergraduates to obtain hands-on research experience and professional development in the nuclear field at Penn State. Travel allowance provided for relocation plus a stipend of \$6000 and campus housing. Professional development seminars and workshops included.

Role and Responsibilities

Participants will work closely with a faculty mentor on a state-of-the-art nuclear research project, and will have terrific opportunities to network with industry representatives and participate in site visits to locations such as Three Mile Island. See the Breazeale Nuclear Reactor located at the Radiation Science and Engineering Center (RSEC).

Qualifications and Education Requirements

Applicants must have completed their sophomore year by the start of summer 2015 and have a minimum GPA of 3.0. U.S. citizens or permanent residents who have completed their sophomore year in engineering, computer science, physics or chemistry with an interest in the nuclear field should apply.

To Apply

More information about the program and the online application can be found at www.mne.psu.edu/twfp. Applications accepted through Jan. 31, 2016 only.
