Medical/Health Disability Verification Form
To be completed by Treating or Diagnosing Physician

The Disability Resource Center (DRC) provides academic services and accommodations for students with diagnosed disabilities. It is the student’s responsibility to provide documentation that identifies a diagnosed disability covered under Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act (ADA) of 1990.

DRC requires current and comprehensive documentation in order to determine appropriate services and accommodations. The outline below has been developed to assist the student in working with the treating or diagnosing healthcare professional(s) in obtaining the specific information necessary to evaluate eligibility for academic accommodations.

- The healthcare professional(s) conducting the assessment and/or making the diagnosis must be qualified to do so.

- Forms must be completed as thoroughly as possible. Inadequate information, incomplete answers and/or illegible handwriting will delay processing and result in follow up contact with the healthcare professional.

- The healthcare provider should attach any reports which provide additional related information. If a comprehensive diagnostic report is available that provides the requested information, copies of that report can be submitted for documentation instead of this form.

- Please do not provide case notes or rating scales without a narrative that explains the results.

- In addition to the requested information, please attach any other information you think would be relevant to the student’s need for academic adjustments.

- Complete the Healthcare Provider Information section on the last page and mail or fax it to the address provided above.

- If you have questions regarding this form, please call the DRC office at 702-895-0866.
