The Mission of the Consolidated Students of the University of Nevada is to empower student leadership, to advocate for the enhancement of the student experience, to provide for fiscally responsible decisions, meaningful dialogue, and demonstrate continued commitment to sharing the student voice.

CSUN is UNLV's Undergraduate Student Government! The Executive Board is responsible for figuring out where the 1.2 Million Dollar Budget is going to be spent, so make sure you pick a candidate you feel is actually going to make a difference.
Is the chief administrator and legal head CSUN. They are responsible for the administration and execution of all Executive Branch actions of CSUN.
Our student experience should be the number one priority of UNLV and NSHE, and it is the responsibility of your student government to boldly represent your interests. The Rebel Choice will work as a team to actively listen to our campus’ needs. We, as a community, must stand together to address our most pressing issues; this campaign is not about us as candidates, but about us as a campus. We will make student mental health a priority by advocating for student services access to CAPS and the SRWC through summer to students enrolled for the fall semester. This year UNLV Police Services will be restructured and we must ensure critical issues like security cameras, crimes against students, and building access are monitored closely.

As your President, I will craft a budget for CSUN that will allocate our money to our prerogatives: improved scholarship opportunities, impactful initiatives, and rewarding experiences. Additionally, I will create regulations for the hiring of open positions to provide equal opportunity for all students who want to get involved with CSUN. We want to foster a relationship of trust and transparency with the student body and it starts with your vote. Representation. Reform. Results. The Rebel Choice.
Goal Statement

I have worked to improve the UNLV experience and insure that every student values their time at UNLV. If elected President, I hope to build on that foundation and shift the focus of CSUN. I would like to improve the campus by holding the University accountable. As of now, many of the buildings fail to meet code and are unsafe. I will work to further campus safety and increase CSUN’s efforts to provide student’s peace of mind. I will continue to work towards an improved UNLV experience. It has been my goal to include more students in CSUN and empower them to find their passion while at UNLV. Lastly, I will work to improve parking on campus. It has become a point of frustration amongst the student body and the administration has not taken us into consideration. I will work to make parking more affordable and accessible. It is too expensive and difficult for us to simply make it to class.

My college experience has been amazing, I hope to do my part so more Rebels can say that too. Vote Sydni Ferber for President, vote for the Resistance.

Biography

Born Sydni Hailey Ferber, Sydni is the oldest of two children. Sydni was raised primarily in Las Vegas. Sydni is pursuing a Bachelor’s Degree in Hospitality Management, with a concentration in Events and Meetings. An avid hockey fan, you can often find Sydni supporting our Rebels. Sydni has a longstanding love of movies, in particular classic horror films. An ever involved student and citizen, Sydni hopes to improve the campus life experience for all UNLV Rebels.

Sydni Ferber
The Resistance
What type of person is fit to be Student Body President?
An individual with experience? Someone dependable? A leader that will voice the concerns of and represent each and every student on campus? Someone who will prioritize students first? These qualities make the type of person you need in serving as your Student Body President. My name is Devon Brown—and I am that person.

Too often, and for far too long, the interests of the student body has been lost to the politics of those who are supposed to lead us and empty promises from those who are supposed to represent us. But that is going to change.

That means taking action to make the campus more safe, introducing a broader dialogue and education in all facets of Diversity, and creating a college experience that is both enjoyable and rewarding to its students. My mission for President isn’t an attention seeking falsehood or promise of something flashy rather it’s, quite simply, to put students first.

Biography

My name is Devon Brown and, like you, I am a real student working hard towards graduation and learning many important lessons on the way. Currently, I am a junior pursuing a degree in Political Science.

During my time at UNLV, I have been fortunate enough to have the opportunity of serving in 12 different leadership positions, each of which I’ve worked tirelessly for. In my fraternity, Alpha Tau Omega, I started as an excited new member and just last year completed my term as President. In the Interfraternity Council, IFC, I began as a delegate and now currently serve as President. In CSUN I started as a Campus Life Board Member, back in Fall 2016. Today I am in my second term as Director of Athletics, a department that I was able to establish just two years ago.

I am an individual who can bring fresh ideas, new perspectives, and strong positive change. Because being a student is a priority to me, I would advocate for the student experience and more importantly putting students first.

Goal Statement

My mission for President isn’t an attention seeking falsehood or promise of something flashy rather it’s, quite simply, to put students first.
The Vice President is the right hand of the President. They assist the President in the administration and execution of the Executive Branch actions of CSUN.
Goal Statement

Over the last three years, the CSUN executive board has been in disarray and thus unable to work as a cohesive unit to serve students. That is why the The Rebel Choice has vowed to be a strong, connected, and transparent team; the ability to work as one is critical in ensuring that we are able to solve the needs and answer the concerns of our student body. After listening to some of you, we recognize that our main initiatives must be to build a safer, more inclusive, and responsive campus. As Vice President, I would push to do this in a number of ways. I would use my position to create better communication between administration and students. It is only in doing this that students will ever be able to receive solutions to the problems they face. As a gay, Latino male, I would push for more inclusion by developing relationships with the leaders of our diverse RSOs and major partnerships and by advocating for causes like the expansion of inclusive restroom facilities. I would also create more leadership roles within the CSUN executive branch so that others could serve in the future. Representation. Reform. Results. The Rebel Choice.

Biography

When faced with opportunity, it is up to the individual to decide whether she or he will grasp the moment or let the experience slip away. As a former Dreamer, however, I can confidently say that circumstances do not always make an answer so easy. When resources are not allocated fairly or when students are not represented equally, opportunities can and often do fly by. That is why after I became a citizen and moved across the country to attend UNLV, I made a promise to myself to make opportunities the backbone of my undergraduate career so that I could one day help others do the same. Whether it was in my positions as a peer-instructor, mentor, or president of the Honors Student Council, I have used these experiences to learn from others so that I could better serve this institution.

Hi, my name is Santiago Gudino-Rosales, and I am running to become your Vice President. While I have been working towards attaining a degree in Biological Sciences and a double minor in Chemistry and Neuroscience, I have used my free time to learn this campus and this city. Whether it was enjoying coffee in the Arts District or hiking Mount Charleston with other UNLV students, I have gradually discovered areas of Las Vegas while also learning about the issues that affects people. As your Vice President, I would use this new opportunity to continue some of the efforts I have made to boost the UNLV undergraduate community while further incorporating your feedback so that student issues can be resolved. Opportunities will always appear in the faces of our diverse and incredible student body; and if elected as your Vice President, I would strive to make it easier for our students to say, “yes.”

Santiago Gudino Rosales
The Rebel Choice
Goal Statement

I hope to improve the current programs for minoritized groups on campus. If elected, I will strive for a student government that will reach out to all Rebels. As Vice President, I will work towards an inclusive campus life initiative. Through this initiative, I will establish campus wide programming that will promote a more complete campus life experience.

I would ultimately like to see a diverse and effective student government that works with other campus organizations to expand the college experience.

Biography

Born Rebekah Charlotte D'Amato, Rebekah is the third of four. Rebekah grew up in northern California and moved to Las Vegas in the summer of 2013. She is currently pursing a degree in Public Health with minors in both Anthropology and Psychology and plans to go into the filed of Epidemiology post graduation. Being a short drive away from California’s Red Wood National Park, Rebekah spent her childhood in California exploring the vast outdoors and developing a passion for nature and wildlife conservation. Rebekah, along with ticket, hopes to bring a sense of sustainability to UNLV and promote a more eco-friendly campus.

In her free time, Rebekah enjoys attending various campus events and meeting new peers. By running, Rebekah hopes to help empower and support her fellow UNLV peers in pursuing both personal and education passions.

Rebekah D'amato
The Resistance
Biography

My name is Trey Curtis-Brown and I am currently a Junior Majoring in Kinesiology, Pre-med. I'm currently one of your senators for the college of health sciences and chair of the University and Government Affairs Committee. I also sit on the Ways and Means Committee as Vice Chair, The University Parking Advisory Committee as chair, and the Student Technology Advisory Board.

As Chair of University and Government Affairs, I get to work on bigger projects around the university; with the help of my committee members, I can help the students of UNLV get the most out of their college experience. A major thing that I have chaired in my time was a CSUN mission statement. This allowed us to have a set of principles that we all work towards to better the universities undergraduate population. Then more recently I went through an entire revamping of my committee so that we could have a more defined set of principles, I changed the name and we rewrote my entire operating policy. In doing so we built a beautiful petition system for our students to show their voices on campus.

Ways and Means allowed me to work with the many registered student organizations on campus by helping to provide funding so that they can prosper as an organization and get the students more involved. Once I became Vice Chair I got more involved with the student organizations in the behind the scenes part of the committee, I helped our student organizations make sure that all of their prework was done properly and I gave suggestions on what they could add to get the biggest bang for their buck. Health and Safety during my first session as a Senator has allowed me to ensure that the undergraduate population can feel comfortable and protected while on our campus. Safety being one of our top priorities in Student government has allowed us to install many new safety features to our campus.

University Parking Advisor Committee has also brought many new insights to my experience. As chair I have approved many opinions (motions to be passed) that involve parking and roadways on campus. As a chair with the help of the Director of Parking and the committee we decide what will be implemented on the campus. This position also helped me build on my leadership skills because I got to interact with not only students, but faculty/staff at the same time. Student Technology Advisory Board has also allowed me to make sure that the students can be informed about the technology on campus and learn how to use new systems like Canvas. I also get to help decide on many other technology devices that could help the university and/or update the university.

Goal Statement

I wish to hold the position Vice President on our Executive Board for a few reasons. First, I want to be able to continue some of the work I did as a senator on a bigger scale for the university, I would like to share the work that I have done in Health Sciences and put it on a bigger spectrum. This position would allow me to broaden my outreach with the campus because I will have more resources to help students that are outside of my college. The second reason is because I have a massive passion for this university and all of its students. I want to share this passion with my peers and get them more engaged, more confident, and help them become the leaders that will shape tomorrow. My last reason for wanting this position is because I want to make sure my friends and peers can look back at their four years of school and say I came out on top, enjoyed my time here, and made impressions that will last a life time. Remember Students First.
They are tasked with administering to, executing for, and presiding over the Senate. They are the spokesperson for the legislative branch and are in charge of making sure the Senate runs smoothly.
Goal Statement

The goal of a student government is to effectively represent their students and to listen to their campus concerns. That’s what The Rebel Choice is committed to do. By getting the response of students we are committed to working together to solve your problems. As your Senate President, I will strive to create a welcoming environment at every Senate meeting that allows students to voice their opinions and get a first-hand look at how your Senators are serving you. Student safety and health are two of my main priorities and I will advocate for healthier food options on campus and the expansion of our Rebel Rides program to ensure students get to their vehicles safely at night. I also believe student organizations are vital to UNLV’s success and I will push for additional resources for organizations to receive funding to support their goals. We, The Rebel Choice, are ready to fight for you. Representation. Reform. Results. The Rebel Choice.

Biography

Hey Rebels! My name is Marie Falcone and I am running to become your Senate President. For the past couple of years, I have been busy pursuing a degree in Political Science and a minor in Public Policy, which I love with all my heart! When I’m not grinding you can often find me working as Alpha Xi Delta’s Chapter President, or diligently improving the Liberal Arts College as a Senator for the last two years.

As a native to Las Vegas, I have dedicated much of my time to exploring what Nevada has to offer, whether that be hiking in our National Parks or discovering awesome local shops to support. Community means a lot to me, as much of my life has been influenced by those who have supported and worked alongside me. I’m glad to say my community lies at UNLV and every day I’m reminded of how lucky I am to be a Rebel!

Marie Falcone
The Rebel Choice
Goal Statement

If elected, I will put the wants and the needs of students first. I will increase funding for student organizations, increase scholarship opportunities, work to make this place your home. I will continue to work with our administration to encourage and reward academic achievement. I will also work to ensure that we improve our University and continue to promote and showcase our diversity and inclusivity.

Most importantly I will work and advocate for YOUR wants and NEEDS. As Senate President, I will advocate relentlessly on your behalf to make your undergraduate college experience a cherished memory.

Biography

I am a junior at UNLV, majoring in Economics and minoring in Statistics. My two and a half years at this University, has been eventful and fruitful.

While serving as a Lee Business School Senator since March 2018, I have worked with numerous individuals on projects, such as increased Student Organization funding, assisted in creating increased health and safety measures for campus, and advocated on behalf of Lee Business School students and the needs of all undergraduate students.

As Chair of the Ways and Means committee, I helped fund numerous student organizations in hundreds of thousands of dollars. If elected, I will work to increase advertising for student organization funding and ensure that CSUN funds the maximum amount of student organizations.

If elected, I will continue to work with our administration to encourage and reward academic achievement. I will also work to ensure that we improve our University and continue to promote diversity and inclusivity.

Most importantly, if elected, I will listen to the wants and needs of all undergraduate students and advocate with vigor for YOUR needs and YOUR wants. The time has come for CSUN to listen to the wants and putting the needs of STUDENTS FIRST.

Natale Muro
Students First
Goal Statement

If elected Senate President, I hope to reform the senate into a more ethical and effective body. It has been my experience that the senate has failed to provide the necessary checks and balances. The senate should be a functional body that acts with the best interests of the student body in mind. While a simple goal, I will make it my main priority. I will make sure that the senate is well trained and performing to the best of their abilities. I will use my role diligently and insure that our democratic values are upheld in every action. Vote Ryan Kole for Senate President. Vote for the Resistance.

Biography

Ryan Tyler Kole was born in Chicago and is the youngest of three. An avid reader, Ryan developed a passion for philosophy and law. Currently a Political Science and Engineering dual major, Ryan is known for being a problem solver.

In his junior year, Ryan hopes to give back to the University that has given so much to him.

Ryan Kole
The Resistance
Goal Statement
UNLV is a beautiful, diverse campus that should be embraced by someone who embraces well. I, indeed embrace well with positivity and beautiful ambitions. I wish to hold an executive position not to feel executive, but to make students feel executive. I need to build better relations with students and give them the honesty of what they pay for in their tuition. My mind on my goals, my goals on my mind. I need to show people who go to UNLV that they are worthy. Students need to feel safe and comfortable on this campus. You need to play to win, but you also need to win to play. Sometimes I’ll start a goal and I do not even know where it is going. I just hope students will help me find its way.

Biography
Yooo, my name is Nicole Sean Guan. I was born in the Philippines, but arrived in Las Vegas, Nevada when I was eight months old. I was very young, but I knew I would make it somehow. Currently, I am majoring in kinesiology with a minor in psychology. I love dogs and I have a German Shepherd named Ali. I own more than 20 pairs of socks that have dogs on them. I am a passionate, loving, caring, chill, and suave (not like the shampoo) individual. I believe CSUN is lit. Harry Styles is really cool too.
Thank you for being awesome!
