

Rebel Risk Advisor

UNLV

Risk Management & Safety — rms.unlv.edu — (702) 895-4226

INTRODUCTION: The Rebel Risk Advisor will provide timely information to various stakeholders throughout the campuses about risk and safety topics.

ANDREW ERICKSON,
recipient of the
RMS Safety Award!!!!

Special points of interest:

- Safety Data Sheets can be found on the RMS website. Push the Big Yellow Button on the RMS home page.
- AED: Specific location of AED's on campus can be found on the RMS Website.

Are you prepared for future earthquakes? Nevada is the third most seismically active state in the nation, and unlike other natural disasters there are no warning signs. Information on how you can protect yourself, others, and property can be found at: <https://www.shakeout.org/dropcoverholdon/>

Also, fema.gov has various reference materials to provide valuable information on how to prepare for earthquakes. The Earthquake Safety Checklist at: <http://www.disastersrus.org/emtools/earthquakes/>

REMINDER: Please remember to secure your **golf carts** if possible. Use of an external lock/chain in addition to parking in a secured location is recommended. Coverage for golf carts if it goes missing is subject to the terms and conditions of the coverage applied.

Andrew Erickson is the Shipping and Receiving Supervisor with Delivery Services and has been with UNLV for over 5 years. Andrew has been instrumental with assisting RMS to make sure all chemicals arriving on campus were properly accounted for and keeping track of the chemicals location. RMS has been able to continue to maintain an up-to-date chemical inventory for regulatory requirements and obtaining Safety Data Sheets for all new chemicals with Andrew's cooperation and assistance.

In the Spotlight

Meet the RMS Staff

Ricky Rideout is the Chemical Hygiene Officer and Asbestos Program Manager with RMS. He has been with the department for over 10 years in both student and professional capacities. He is committed to improving the health and safety culture at UNLV by identifying and solving problems using his comprehensive knowledge of laboratory safety principles, asbestos regulations, hazardous waste management, and environmental compliance and training.

UNLV Travel Guidelines

It is hopeful employees and students will be able resume travel opportunities that were in place prior to the outbreak of COVID-19. In anticipation of resumption of travel activities, RMS would like to remind staff and students of the current precautions, guidelines and policies. The reference information can be found at the following links:

- * Follow the guidelines at: <https://www.unlv.edu/coronavirus/travel>
- * Review the request process: <https://www.unlv.edu/provost/international-travel>
- * Reimbursement information: <https://www.unlv.edu/controller/travel-program>
- * Personnel Travel Info.: <https://www.cdc.gov/coronavirus/2019-ncov/travelers/index.html>

Travel Coverage for NSHE Employees

NSHE provides coverage to employees for work-related travel and limited coverage for students who travel as part of their job duties. RMS recommends you review the various types of coverages available including quick reference assistance cards and even a mobile application to access travel, security and health information should you need it. Please review the RMS website prior to travel at: <https://www.unlv.edu/rms/insurance/international-travel>
