

Head Up: Elevating Leadership in the 2021 Landscape

**The global industry has never been bigger.
The industry's challenges have never been more profound or global.
And hence, the industry's Executive Development Program has never been more important.**

Join UNLV International Gaming Institute and the University of Nevada, Reno College of Business and Extended Studies for very special Executive Development Program (EDP) -- taking place virtually **from December 5 - 11, 2021 in your home office** -- alongside the next generation of global experts.

Learn from the industry's most esteemed executives, as we tackle, together in teams, the industry's toughest 2021 challenges. This year, we lead from a place of hope and optimism, shifting from crisis leadership to post-traumatic leadership, as only EDP can.

- **Leading in a post-pandemic world**
- **Working from home, working from around the globe**
- **Gender, diversity, and inequality - now more than ever**
- **Our lives of technology creep: creating wins, eliminating losses**
- **Failure - and getting back up off the canvas**
- **Hope, optimism, and positive intelligence for the rest of the 21st century**

At the end of the course, you go home smarter, armed with a playbook for your future. And you take home a network of internationally recognized leaders, both on the faculty and in the classroom, in the industry's most famed academy. **EDP Presents** is open to all director-level and higher gaming executives -- including alumni of the traditional Executive Development Program.

PRICING:

- \$3,500 USD per participant, OR
- \$3,200 USD per participant for organizations sending 2+ attendees
