## 2018 UNLV STEM Summer Camp

Updated: April 7, 2018

### Summer 2018

**PLACE:** UNLV Main Campus

**DATE:** July 9-27, 2018 -- Monday to Friday  
from 9:00 AM to 5:00 PM

**CLASSES:** 6 certificated STEM-related  
courses led by UNLV faculty

**TUITION:** \$1,300 for local U.S. students  
(includes textbooks & daily lunches)

### Program

- ★ Designed for high-achieving middle & high school students
- ★ Study with some of UNLV's best faculty in STEM topics of the day, such as robotics, data science, astrobiology, nanotechnology & space travel
- ★ Small class sizes, 15 students or less
- ★ Experience university life & make new friends

1. The U.S. Bureau of Statistics projects that in the next few years STEM jobs will grow almost twice as fast as any other profession.
2. The U.S. will have over 1 million jobs by 2018 in STEM fields — but only 16% of the degrees awarded to U.S. college students will be in STEM specializations.
3. In the next decade, 80% of all jobs will require technical skills.
4. By 2014, the top 20 fastest growing occupations will require significant Math and Science preparation, according to the U.S. Department of Labor.
