You are invited to join together for a conversation, gathering, and program for artist-centered spaces, projects, and organizers. The Common Field Las Vegas Meet-Up aims to bring the local Las Vegas arts community together to celebrate the work of arts organizers and to introduce Nevada artists to Common Field as a resource and connection to a broader field of artist-centric spaces and projects across the country. We also hope to engage in a community-wide conversation, co-facilitated by Marcus Civin, Chair of the Department of Art, UNLV, and Courtney Fink, co-founder and Executive Director of Common Field.
